What The Loyal Legion Investment Co. will do for you through the Co-operative System

It saves you time. It saves you money. It banishes worry. It protects your interests. It handles cash or credit customers, and one as well as the other. It gives you all the information you want. It shows you ***only*** good genuine propositions for either the ***Investment of Capital as Speculation***, or for a ***Home any time you ask,*** and all guaranteed money makers. It will locate you in choice homes, either ***City, Town or Farm,*** anywhere in the ***Great Canadian West***. If you have money to invest we can make you from 12 to 15 per cent. on it. We will look after your property, collect your rents, pay your taxes, or make improvements for you. See or write us for particulars.

HERCULES SPRING BEDS

There is only one brand of genuine Hercules Spring Beds—the name is on every frame, and 30 nights' FREE test is offered, and money back if you're not satisfied.

The fabric used in the genuine Hercules has proved itself by actual test to be five times as strong as ordinary fabric, and strength in a bed means comfort.

Be sure that you see Hercules Spring Beds and not one having a name that sounds similar.

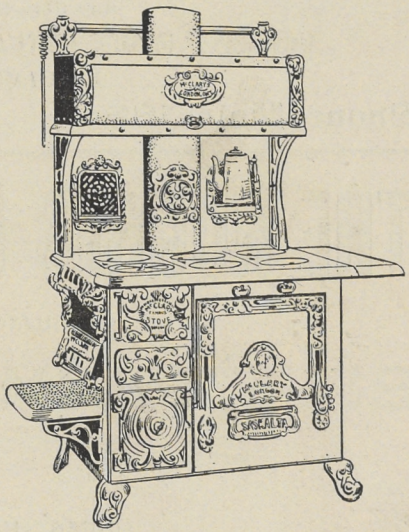
SASK-ALTA
STEEL RANGE

This is the range with the ***new burnished surface,*** which shines up like a piano finish. Easier to polish and the shine is many times as lasting.

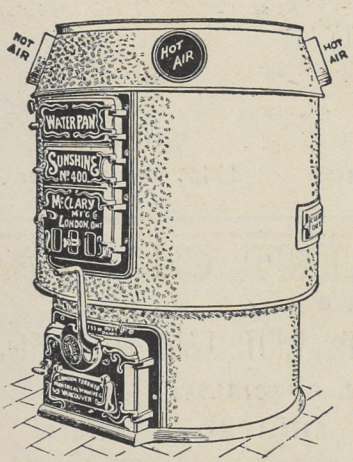
Another exclusive feature is the Patented Automatic Lift Top and Broiler Door, which provides an opening three times as large as a pot-hole. Easier to feed fire. Easier to broil steak.

Also has Double Duplex Grates and Direct Draft Damper in front of stove, and many other fuel-economizing and labor-saving features.

Be sure to see Sask-Alta before purchasing any kind of a steel range.



Sunshine Furnace



This is the most famous furnace in the whole Dominion. Famous for the large amount of heat produced from a small consumption of coal. Famous for its ease and cleanliness in operation.

Nickel Steel Dome and Radiator are rust-proof and radiate a greater degree of heat. Semi-steel two-piece fire pot is three times as strong as cast iron fire-pots. Dust Flue carries all dust from falling ashes up chimney—none go upstairs by way of registers.

Many other superior points about the SUNSHINE will be explained by McClary agent. Ask him.

Salt Glazed Vitrified Sewer Pipe

Made on the American Continent

Asphalt and Rubber Roofing

Vitrified Sewer Pipe

Is invaluable for draining low lands; is unequalled for well cribbing; is impervious to the action of frost and water; for road culverts and small bridges beyond comparison; for chimneys and chimney lining is better than iron.

Builders' Supplies

Sewer pipe; Stone of all descriptions; white and grey lime; cement; wood fibre and hard wall plaster; hair; sand-mould, fire and common brick; fire clay; Keene's cement; expanded metal; metal and wood lath; river and pit sand, gravel, etc.

Asphalt and Rubber Roofing

Is the best roofing that is made; is sold under a positive guarantee; is cheaper than wood or metal shingles; is more durable and more satisfactory.

WILLIAM G. TORCHIANA,	Philadelphia, Pa.

EXECUTIVE COMMITTEE

J. L. HILL, W. E. MURDOCK, W. G. TORCHIANA.

THE OBJECTS OF THE ASSOCIATION ARE AS FOLLOWS

FIRST; To improve the directory business by the interchange of ideas, and by the exchange of competent employees.

SECOND: **To protect the public against fraudulent advertising schemes, operated under the name of directories, and to drive the promoters of such out of the business.**

THIRD: To provide permanent and continuous employment for honest and faithful directory canvassers.

FOURTH: For the mutual advancement of the established and prospective interests of all who may become members of the association.

$100 REWARD

The Association of American Directory Publishers will pay the above reward for the arrest and conviction of any one soliciting or collecting money on Fraudulent Directories, provided the conviction results in imprisonment of not less than 6 months. In case of arrest immediately telegraph W. H. Bates, Sec'y, 89 Third Ave., New York.

WINNIPEG WATERWORKS

The water supply for Winnipeg is obtained from 7 artesian wells sunk to depths of 60 to 100 feet; 10 pumping engines being used in the system.

The average daily consumption in December was 6,000,000 gallons.

The approximate daily capacity of the wells is upwards of 10,000,000 gallons.

The pumping capacity of the system from the wells is 25,000,000 but in addition there is a reserve capacity for a further 10,000,000 gallons from the pumping station at the reservoirs.

The machinery which is of the most modern type is distributed as follows: 6 pumps in use from wells to mains. 2 at the softening plant, and the remainder at the reservoirs. Each pump is capable of lifting 5,000,000 gallons every 24 hours.

Seven boilers, with superheaters and mechanical stokers, supply steam for the service and for electric lighting.

In conection with the system there is a 6,000,000 gallon reservoir.

The total length of water mains December 1909, was 192 miles.

For better fire protection, a High Pressure Special Fire Service Waterworks has been completed, having a capacity of 12,960,000 gallons per day against 300 lbs. pressure. This service is operated by 2500 h. p. gas engines. There are 8 miles of special high pressure water main in the business districts and 86 special hydrants.

WINNIPEG GRAIN EXCHANGE

The Winipeg Grain Exchange is by far the largest and most important one in the Dominion of Canada today, and occupies a magnificent exchange building in which is more satisfactorily handled the ever-increasing volume of business created by the enormous crops of Manitoba and the Northwest Territories.

Although the Exchange's future trading market has not been long in existence its quotations are regularly supplied by the telegraph companies to the leading grain and produce associations of Canada, Great Britain and the United States, upon whose quotations they exert a strong influence.

According to the returns of deaths in Winnipeg for 1909 the death rate of the city per 1,000 population is 12.7. During the year there were 1,559 deaths in the city registered by months as follows:

	Deaths
January	127
February	91
March	132
April	94
May	151
June	119
July	119
August	155
September	159
October	165
November	121
December	126
Total	1,559

Following is a statement showing a comparison of the death rates in several American cities and the death rate in Winnipeg:

Comparisons

City	Death rate Population per 1000
Cleveland	13.2
Chicago	14.0
Milwaukee	14.6
Detroit	14.8
Pittsburg	14.8
Buffalo	15.1
St Louis	15.5
Philadelphia	16.3
New York	16.6
Cincinnati	16.8
Boston	17.6
Baltimore	18.1
Washington	18.5
New Orleans	20.6
Winnipeg	12.7

The Winnipeg death rate as given above is the gross rate, that is, it includes all deaths occurring in Winnipeg, which includes the deaths of people coming in from outside points to receive hospital treatment. It also includes the deaths of children under one year of age.

THE UNIVERSITY OF MANITOBA

Broadway, West of Kennedy Street.

The University of Manitoba, established by the Act of the Local Legislature in 1877, has the sole power of conferring degrees in **Arts, Law,** and **Medicine** in the Province of Manitoba.

Degrees of **Divinity** may be granted by the various colleges affiliated with the University, provided that all candidates for the Degree of Bachelor of Divinity, not graduates of this or any other University, shall have passed a satisfactory examination on the subjects of the First and Second Year in Arts as prescribed by the University, Greek being compulsory; and such Graduates in Divinity have in the University the same rights and privileges as other Graduates.

The Government of the University is vested in the Chancellor appointed by the Lieutenant-Governor in Council, and a council of seventy members, composed of representatives from each of the affiliated Colleges, the members of Convocation, the College of Physicians and Surgeons of Manitoba, the College of Pharmacy, the Faculty of Science and the Provincial Government.

The general superintendence of all examinations is entrusted to a Board called the Board of Studies, composed of members of the Council elected annually, as follows: two by each of the Affiliated Colleges in Arts, two by the Graduate Representatives, one by the College of Physicians and Surgeons of Manitoba, one by the Manitoba Medical College, and one by the Council.

It is the duty of the Board also, to report to the Council, when they see fit, on the studies of the University, and other matters connected therewith, and generally to discharge all duties that may be assigned to them by the Council.

The Winnipeg General Hospital treats private, semi-private and public ward cases. The institution accommodates three hundred patients and the following statistics give some idea as to the work done:

	1908
Number of patients	5,229
Average days stay of patients...	20.50
Aver. No. of patients per day....	293.05
Outdoor dept consultations.....	9,594

In addition to the general wards there is an emergency department which is used for the accommodation of chronic tubercular patients until some better provision can be made. This building accommodates about thirty patients.

MISERICORDIA HOSPITAL

(Maternity)

20 Sherbrooke Street

A modern, sanitary building, conducted by the Sisters of Misericordi. The institution was founded in 1898. The hospital can at present accommodate 250 patients. In addition to public wards, there are several semi-private and private rooms, two well equipped operating rooms, an adjoining preparatory or dressing room for patients, also a consulting room for doctors.

All physicians are free to attend their cases. In connection with the hospital is a training school for nurses. One year's course in Obstetrics and Gynaecology.

Besides the hospital nursery, another building has been erected in the country (St Norbert) for the benefit of the children.
